

Press Release

Pro-Lite to Supply High Power Laser Diodes from Modulight

September 23rd 2009: Pro-Lite today announced that it has been appointed as the distributor for Modulight, Inc (Tampere, Finland) in the United Kingdom and Republic of Ireland. Pro-Lite will provide sales and support for Modulight's range of high power laser diodes.

The Modulight family of high power diode lasers spans the range from 630 to 1650nm and are offered in various states of integration, from chips and unmounted bars, through mounted and sealed lasers to fibre coupled lasers and complete turn-key lasers systems. Modulight's products are used in medical, communications, industrial and defence & security applications.
